

Newton Energy Corporation Announces Resignation of President and Chief Operating Officer

July 20, 2010

CALGARY, ALBERTA – July 20, 2010 Newton Energy Corporation (the “Company” or “Newton”) announced today that Michael J. Frey, the President and Chief Operating Officer and a director of the Company, has for personal reasons resigned as a director and officer of the company and its UK subsidiary effective today.

Michael Frey will be working with the management of the company to ensure continuity of operations and will be available as a consultant to the company as required. It is expected that UK based project consultants will take over the planning and implementation of the upcoming drilling program. The Company is preparing for appraisal drilling at the Cropwell Butler, Harlequin and Sedgebrook wellsites pending final regulatory approvals. Currently the company is in negotiations for all drilling and associated services.

The directors and management of Newton thank Michael for all of his efforts on behalf of the Company and wish him every success in the future. Michael Frey and his late father John Frey developed the concepts for the current Newton prospect portfolio and were instrumental in the company's inception and the acquisition of Newton's current licence position in the East Midlands basin.

The company looks forward to updating its shareholders on matters at the Annual General Meeting on August 25th, 2010.
